

FOUR RACES WORTH SEEING,

FAIR COUNT, GREENLAND, AND IRISH KING RUN TWO MILES.

TWO-YEAR OLDS IN A SCRAMBLE—WINNING A HEAT WITH ONE HORN—GEORGE WASHINGTON REFUSES TO TAKE WATER, BETTING RESULTS.

NOTWITHSTANDING THE THREATENING WEATHER SET A DAMPER ON THE PROSPECT FOR SPORT AT Sleepyhead Bay yesterday, about two thousand lovers of racing visited the course. The rain held off until George Washington and five other steedsmen appeared for the last race—then flew it down to come down. Queer incidents occurred in a race of one mile and one-eighth heats. Gabriel was left at the post in the first heat, getting away too late to save his distance, and Girolo, winner of the heat, came in so lame that she was unable to run another heat. Sir Duke took the second heat, winning the race by capturing one heat only.

The first event was a selling race for a purse of \$100 for 2-year-olds, three-quarters of a mile. There came into the ring the Balfour, Boldness, Vampire, carrying 107 lbs.; J. Duff's Wyandot, 80; P. E. G. L. Lorillard's Volusia, 107; W. Mulkey's Ranger, 91, and J. W. Bell's Capella, 88. Volusia, Wyandot, \$50; Flight, \$45; Capella, 83; Balfour, 102; Boldness, 145.

The contestants ran a very pretty and sang. Girolo carrying the blue and orange colors of George Lorillard to the fore, and staying there throughout the race. Ranger ran a close second for a quarter of a mile, and then gave way to Capella. Vampire pushing through to second place near the finish. Volusia won by two lengths from Vampire, Ranger third, Wyandot, Boldness, and Flight following as named. Time, 1:18½. Purse paid \$100. Volusia is a fine chestnut colt by Pat Holland, dam Vandala.

A TWO-MILE RACE.

The second event was a handicap sweepstakes of \$50 each, with \$75 added, of which \$10 to second. Two miles. For this race three horses faced the starter, comprising C. H. Portchell's Fair Count, 115 lbs.; G. B. Bryson's Irish King, 108; and G. L. Lorillard's Greenback, 103. Betting—Fair Count, \$500; Greenback, \$500; Irish King, \$500.

The race was run in close order in ordinary time. Fair Count led Fair Count about one length for a mile and a quarter, Irish King lapping him. At the finish, Greenback, the third-mile Fair Count and Irish King moved up, and, before rounding the lower turn, the three ran head and head, making a pretty tangle. When the three struck into the last quarter of a mile Fair Count headed Irish King by a neck, with still rein, and Greenback followed.

The German army is in good condition. It has been running in ordinary time, and was keeping quiet, but I think the worst is over.

The sober second thought of the best class of German horsemen is that the Emperor William is destined for a quarter of a mile, and then gave way to Capella. Vampire pushing through to second place near the finish. Volusia won by two lengths from Vampire, Ranger third, Wyandot, Boldness, and Flight following as named. Time, 1:18½. Purse paid \$100. Volusia is a fine chestnut colt by Pat Holland, dam Vandala.

The third race was a handicap sweepstakes of \$50 each, with \$100 added, \$200 to second. Horse of one mile and an eighth. A fast finish appeared for this race, comprising Ackerman, 107; P. Lorillard's St. James, 107; Applegate & Bell, 108; F. E. G. L. Lorillard's H. W. Miller, 108; and J. W. Bell's Dan, 110. Purse paid \$100. Dan, 110; Bell, 108; Miller, 108; H. W. Miller, 108; and St. James, 107.

PRESIDENT WHITE RETURNS.

Attributing the Scandal about the Cornell Crew to Boisterous Vexation.

President Andrew D. White of Cornell University, lately Minister to Berlin, arrived in this city yesterday on the steamer Elbe, accompanied by his family. When asked his opinion of the defeat of the Cornell crew at Vienna he said:

"I cannot believe that Shinkel was guilty of selling the race. I shall have to have very complete proof to convince me of it. The boys were discouraged, vexed, and out of sorts, and that led them to find fault with each other. Shinkel's reputation in college was good, and I never heard any ill of him. I was not very much disappointed with the crew, for I was prepared to take whatever came. If I had been at the university I should have been opposed to their going abroad. The Elbe went on to the New York and Ostend route, and the crew returned to their homes in Europe. The leading German papers said very little about the complaints against the crew."

What was the general interest in Germany on the shooting of President Garfield?

The shooting was very recent. It was first considered a political affair, but it was soon discovered that it was on account of our crew in condemnation of our crew, and the assemble for one or even four years, tops, was not known. The Emperor William, French Prince had disappeared from the location.

What was the state of the anti-Semitic movement in your last German paper?

It was very quiet, and the movement was still holding out, but I think the worst is over.
